

CROSAIL 2022 COVID-19 POLICY

In these unpredictable times you can feel confident in booking with us thanks to our Covid-19 Policy.

In case of officially closed borders and/or mandatory quarantine without possibility of PCR testing upon entering Croatia or client's residence country we offer following possibilities:

- reschedule to other charter period in the season 2022 (price for postponed booking cannot be lower than for the initial booking, regardless to the sailing period)
- issue of credit note to be used in the season 2022 or one year from charter date
- we do not offer a money refund

The obligation for PCR test before or after the charter, canceled flights or some other disruptions related with personal or professional circumstances are not sufficient to apply Covid-19 policy
